MESSAGE FROM THE PRINCIPAL

The next twelve months will be a busy, challenging yet rewarding time for you. It is a time when you are expected to accept full responsibility for yourself and your study. Taking responsibility means attending school every day, working to the best of your ability with diligence and sustained effort, completing all course requirements including written course work, practical work, homework, assessment tasks and work placements. Tasks completed as part of the assessment program must be completed in a serious manner, need to reflect your ability in the course and must be submitted by the due date.

This assessment booklet is compiled to ensure you know and understand:

- NESAs requirements for the Higher School Certificate (HSC)
- the School's Assessment Policy
- your responsibilities and the school's responsibilities
- the assessment program for the courses you study.

It is your responsibility to follow the policies and procedures set out in the booklet in order to meet requirements for your HSC Courses. For example, there are very strict rules and procedures to be followed if you miss an assessment task. Please take the time to become very familiar with these policies and procedures and follow them closely. Refer back to the booklet if you are unsure about what you need to do or seek help from a Head Teacher or Deputy Principal if you have any questions in relation to the information in the booklet.

Your teachers want you to be successful in your HSC and are ready and willing to give you advice and support. Make sure you take advantage of this and consult your teachers and advisers regularly. Seek help early before an issue becomes a problem.

I remind you that 'success' is not a matter of luck. It is the result of hard work, thorough planning, preparation, persistence and determination. Make a commitment to yourself to walk away from the HSC knowing you have given it your best effort. This is all any of us (teachers, parents and carers) can expect of you.

Voula Facas
Principal

INTRODUCTION

This document is provided as a resource to senior students and parents so there will be an understanding of the student's responsibility and that of the school regarding assessment in Year 12. Staff explanation accompanies distribution. The Winmalee High School HSC Assessment Policy is consistent with the guidelines provided by the NSW Education Standards Authority (NESA).

INFORMATION ABOUT THE HIGHER SCHOOL CERTIFICATE

To be eligible for the award of the Higher School Certificate students must:

- (a) have gained the Record of School Achievement for Stage 5 and Year 11 or such other qualifications as the NESA considers satisfactory;
- (b) have satisfactorily completed courses that comprise the pattern of study required by NESA for the award of the Higher School Certificate;
- (c) sit for and make a serious attempt at the requisite Higher School Certificate external examinations.

Patterns of Study

To qualify for the Higher School Certificate students must satisfactorily complete a Year 11 pattern of study comprising at least 12 units and an HSC pattern of study comprising at least 10 units. Both patterns must include:

- At least six units from Board Developed courses;
- At least two units of a course in English;
- At least three courses of two units value or greater (either Board Developed or Board Endorsed courses);
- At least four subjects.

To satisfy pattern of study requirements for the Higher School Certificate a student may count a maximum of six Year 11 units and six HSC units from courses in science.

Subjects

A subject is the general name given to an area of study and a subject may offer one or more courses. There are a wide variety of subjects to choose from for the HSC, with over 150 Board Developed Courses and a large range of Board Endorsed Courses. English, Mathematics, History, VET frameworks and some Languages are subjects, which offer more than one course. The other subjects each offer one 2 unit course.

Types of Courses

Board Developed Courses are courses for which the NESA develops a syllabus, setting out the objectives, outcomes, structure and content. NESA also develops HSC examinations for most of these courses. In addition, NESA develops course and assessment requirements, specimen examination papers, marking guidelines and performance scales for these courses for distribution to all schools. Universities divide Board Developed Courses into Category A and Category B (see below). Only two units of Category B courses can contribute to the calculation of the Australian Tertiary Admissions Rank (ATAR).

Board Endorsed Courses (BEC) count towards the HSC and are listed on the Record of Achievement. However, Board Endorsed Courses do not count towards calculation of the Australian Tertiary Admissions Rank (ATAR). There are two types of BECs:

- **School-Designed Courses** – These are courses developed by individual schools in response to local interest or need and endorsed by NESA.
- **Content Endorsed Courses (CECs)** – These fall into two categories: general CECs and VET CECs including many delivered by TAFE. Examples include Sport, Lifestyle and Recreation (SLR) and Photography.

Vocational Education and Training (VET) HSC Courses

VET courses can be conducted at school or delivered by TAFE or other Registered Training Providers (RTOs). Students must attempt all compulsory units of competency for their Industry Framework and a selection of elective units of competency to varying levels of indicative hours depending on the Industry Framework being undertaken. Work placement is a mandatory HSC requirement within all VET frameworks and appropriate hours have been assigned to each course. VET courses count towards the HSC and may also contribute to an ATAR if the examination is undertaken.

Life Skills Courses

Life Skills courses have been developed for students (in particular those with learning disabilities) for whom the regular outcomes and content of courses is not appropriate. Students are entered in Life Skills in collaboration with the student, parents/carers and other significant individuals in the student's life. This may be some or all courses of a student's pattern of study.

Life Skills Courses have outcomes in specific NESAs syllabi and allow students to access the curriculum where this may not have been possible without this choice. It is not necessary for students to address or achieve all the Life Skills Outcomes in order to satisfactorily complete the course. However, Life Skills students must still complete and submit all modified work in order to satisfy Course Completion Criteria. Students do not need to complete all of the associated content to demonstrate achievement of a Life Skills outcome.

The course completion criteria for the Stage 6 Life Skills courses are the same as those for all Board Developed and Board Endorsed Courses. In class activities, Life Skills students do not complete examinations and any assessment must be conducted sensitively and appropriately to their needs. A Life Skills student is not required to sit for examinations and as such does not receive examination marks or ranks of any kind on their school report.

THE AUSTRALIAN TERTIARY ADMISSIONS RANK (ATAR)

The requirements for the Australian Tertiary Admissions Rank (ATAR) are determined by the universities. A candidate's ranking is determined from the scaled aggregate of the marks in the best ten units in Board Developed HSC courses, subject to the following restrictions:

- at least two units of English must be included;
- at least three Board Developed courses of two units value or greater must be included;
- courses from at least four subjects must be included.

The universities categorise Board Developed Courses as either Category A or Category B. To have an ATAR based on an aggregate of scaled marks in 10 units; students must have completed at least eight Board Developed Category A units. **A maximum of two units of category B courses may be included in the calculation of the ATAR.**

Category B courses

The following school delivered courses are Category B courses: English Studies, Mathematics Standard 1, Hospitality (VET)

The following TAFE delivered courses are Category B courses: Automotive (VET), Business Services – office administration (VET), Construction (VET), Human Services (VET), Information Technology Support (VET), Metal & Engineering (VET), Primary Industries and Tourism (VET).

If students want results from English Studies, Mathematics Standard 1 or VET courses to be included in the calculation of their ATAR, they **MUST** undertake the written examination offered for the HSC. Students must inform their teacher of their intention to sit this examination at the beginning of their HSC year (Term 4 of Year 11) as this intention needs to be entered on the NESAs online site.

The ATAR may include units accumulated by a candidate over a total time span of five years. If a candidate repeats a unit, only the latest attempt will be available for inclusion in the ATAR.

The difference between HSC Marks and Australian Tertiary Admission Rank (ATAR)

Parents and students should note the following:

- The average mark, or mean, in the HSC exams is approximately a mark of 70 out of 100 for each 2 unit subject.
- The HSC Certificate contains school assessment results and HSC examination results, not ATAR rankings.
- School Assessment Tasks examine a range of skills that are not necessarily tested in the HSC, e.g. oral skills, experimental investigations. Therefore, it may not be valid to expect that assessment marks will directly correspond to marks obtained in HSC examinations.
- ATAR values are a rank order, not a mark. It is a measure of the percentage of the total candidature of students that the candidate scored more highly than. The calculation of the ATAR ranking is based on the number of students that completed the Higher School Certificate. They are ranked in order from 99.95 downward.
- University entrance is based on ATAR results not HSC marks.
- The mean for ATAR calculations is lower. As a result students can expect (in most cases) that their ATAR will be lower than their HSC marks. Simply averaging school or HSC results will in most cases not give an accurate estimate of ATAR ranking.
- ATAR calculations use various established manipulations which affect some courses more than others. This may lead to significant changes in mark values between HSC marks and ATAR values for some courses. There are software programs available which estimates or approximates ATAR scores based upon course results

ASSESSMENT OF ACHIEVEMENT IN HSC COURSES

The Higher School Certificate is assessed using external examination based assessment and internal school based assessment.

External Examination Based Assessment

Students are assessed through state-wide external Higher School Certificate Examinations organised by NESA. These examinations are conducted during October and November of each year. The results of these examinations are reported on separately for the courses studied by each student for the Higher School Certificate. The mark from the external examination (50%) is combined with the school internal assessment mark (50%) to create a final mark out of 100 or 50. Life Skills students, i.e. those on a special program of study for the Higher School Certificate are not required to sit these external examinations.

Internal or School Based Assessment

Each course of study will have a series of assessment tasks designed for students to demonstrate their level of achievement of the outcomes of the course. There will be a variety of task types which may include formal examinations, practical tests, oral tests, research projects, process diaries, appropriate for the outcomes being assessed. The maximum number of tasks in any 2 unit course is four and typically includes the Trial HSC/end of course examination. The maximum number of tasks in any 1 unit Extension course, is typically two. In the case of Extension courses, students who fail to meet the assessment requirements for the co-requisite 2 unit course will not receive a result in either course. All weightings and components are listed in this book according to the relevant syllabus.

VET Assessment

VET courses are assessed in a number of ways. They count as part of the HSC and may contribute to an ATAR if the examination is undertaken and the course is the only Category B course. Students **must nominate** to sit the Higher School Certificate examination for VET framework course if they want their mark to contribute to their ATAR.

In addition to the HSC, students who satisfactorily complete VET HSC courses including work placement, will also receive a VET credential, which may be an AQF Certificate or a Statement of Attainment depending on the hours and competencies completed. Students do not need to sit for the HSC examination to receive this credential.

Assessment for the AQF Certificate or a Statement of Attainment is competency-based. The Australian Quality Training Framework (AQTF) requires that a record be held by the Registered Training Organisation (RTO) of the competencies achieved. In a competency-based course, assessment of competencies is standards-referenced. This means that a participant's performance is judged against a prescribed standard contained in each unit of competency, not against the performance of other participants. The purpose of assessment is to judge competence on the basis of performance against the performance criteria set out under each element of competency. A participant is judged either 'competent' or 'not yet competent'. This judgement is made on the basis of a range of evidence, which may be in a variety of forms. A qualified assessor must conduct assessment. VET courses **require that a workplace component** be completed during the HSC year. This involves 35 hours of industry based work.

Satisfactory Completion of an HSC or Year 11 Course

A student will be considered to have satisfactorily completed a Year 10 or Year 11 ROSA, or HSC courses if, in the Principal's view, there is sufficient evidence that the student has:

- a) **followed** the course developed or endorsed by NESA; and
- b) **applied** themselves with diligence and sustained effort to the set tasks and experiences provided in the course by the school; and
- c) **achieved** some or all of the course outcomes.

While NESA does not mandate attendance requirements, principals may determine that, as a result of absence, the course completion criteria may not be met. Clearly, absences will be regarded seriously by Principals who must give students early warning of the consequences of such absences. Students who have not complied with the above requirements cannot be regarded as having satisfactorily completed the course. The Principal will then apply the 'N' determination (see next section for more details).

Timing of assessment tasks (see Subject Assessment Schedules from page 20)

A timetable for assessment tasks is developed to minimise the number of occasions on which students will have three or more tasks in a week or two or more tasks scheduled for the same day. All assessment tasks are published in the assessment policy calendar and noted on the school calendar (or electronic version on Intranet) to avoid clashes with excursions and other school events. HSC Assessment tasks do not commence until the completion of the Year 11 Course.

Notification of assessment tasks

- Students will be given at least TWO weeks' notice, in writing, of an assessment task including examinations. This notice will include the nature of the task, course outcomes, the value or weighting of the task, marking guidelines, how feedback will be provided and the date for its completion or submission. If a student is absent for the issuing of 'notice', it is the students' responsibility to obtain the task. There will not be a staggered due date because of 'late' notice.
- Assessment tasks will be placed on **SKOOLBAG**.
- A moratorium on the conduct of assessment tasks will be held for ONE week prior and after the final Year 11 and Trial HSC examination period. This excludes NESAs project collections points. This is so students have sufficient time to prepare for all of their examinations and not favour one subject over another.
- Failure to read an examination timetable is NOT grounds for appeal.

Receipt systems for assessment tasks

A *Notification of Assessment Task Sheet* is used to record the signatures and date of a student when an assessment task is issued in a course. All students in a course are to sign and date to indicate that they have been notified of an assessment task. The same process is to occur when submitting an assessment task. Signing and dating the *Receipt of Assessment Task Sheet* indicates that the teacher has received the task and the student has met the due date for the task. This protects the student in the event that the task becomes lost or misplaced. Teachers will provide the notification and receipt of task signing sheets. In the event that the receipt process does not occur for some reason, students are advised to ask the teacher to sign their diary to indicate the receipt of their assessment task.

Student attendance slips are completed before each formal examination and collected by supervising staff and stored in the front office strongroom. Faculties then collect them with the completed examination papers for faculty based checking.

Assessment of Separate Classes in the Same Course

Where two or more classes exist in a course, they may be timetabled at different times. This requires astute management so as to safeguard the integrity of an assessment task which may allow one group an inadvertent advantage. Students are reminded of the malpractice provisions of this policy and must understand that their interests are best protected by silence and not assisting a group who may have a similar task to complete later in the school day/ week. Common tasks, conditions and marking procedures need to occur for all students (e.g. one teacher marks all of one section or one task or a benchmarking system is used to ensure consistency of teacher judgment).

Assessment Tasks - Completed at School

Students have a responsibility to be present in class for all assessment tasks.

If a student **is aware** of circumstances that may prevent their attendance in class for a task (known absence) they must make these circumstances known to their class teacher and the appropriate Head Teacher **before** the day of the task and complete an Illness/ Misadventure application. Circumstance may include: illness, funeral, health appointment. Students must ensure that arrangements have been made for them to complete the task or a substitute task. Refer to 'Absences due to VET Courses, Work Placement and Other School Sanctioned Commitments' (page 10) for further details.

Students who are **unaware** that they will be absent (unknown absence) but are away due to illness or misadventure must complete an Illness/ Misadventure application and sit the task at a time arranged by the Head Teacher/Class Teacher.

It is important that students attend ALL day on days with scheduled assessment tasks. Taking time off school to prepare assessment tasks on the due date may be malpractice. If there is no valid reason, it is a form of cheating and students who do so may receive a **zero mark** for the task if they do not follow the Illness/Misadventure application process.

Students who are late for school must report to Student Services and obtain a late pass before attempting an assessment task. Depending on the nature of the task, if a student arrives late, the teacher will determine if the student can still sit for the task. They may then go through the Illness/ Misadventure application process if there are reasons for the lateness.

If a class teacher is absent when an assessment is due for completion on that day, the Head Teacher will ensure that the task can proceed with another teacher.

Assessment Tasks - Completed at Home and Submitted at School

All assessment tasks must be submitted on the due date by the due time, otherwise they are deemed to be 'late' and may receive a zero mark unless an Illness/Misadventure application is completed.

Assessment tasks must be personally delivered into the possession of the relevant teacher (or Head Teacher/ acting Head Teacher) at this time – not left at staffrooms, on desks, in cupboards or in classrooms or anywhere else. Students must submit the task themselves and remain in class for the entire lesson.

It is important that students attend ALL day on days with scheduled assessment tasks. Taking time off school to prepare assessment tasks on the due date is malpractice. This includes arriving late to school (or taking a morning off or lesson off to prepare for a mid-morning or afternoon assessment task). It is a form of cheating and if determined, you may receive a **zero mark** for the task. Truancy from class - once the day commences - to prepare for an assessment task later in the day is malpractice and if determined, you may receive a zero mark for the task.

Students unable to be present at school on the day the task is due must notify the school when possible. They **MUST** complete an Illness/ Misadventure application and must submit the task on the next day they are at school (regardless of whether a scheduled lesson exists or the task is fully completed or not).

Assessment Tasks – Completed at Home and Submitted Online

If an assessment task is submitted via email, students are encouraged to request a receipt and should also print a copy of the email showing the attachment. If an assessment task is submitted online, students should create a back-up and keep a printed copy of the task or at a minimum, keep a copy of drafts or screenshots if appropriate. The software used must be available at school. In both cases, students will need to sign off that they have submitted the class on a *Receipt of Assessment Task Sheet*.

Technology Problems

Computer "problems" are not considered as reasonable grounds for a Misadventure application. This includes issues including computer malfunction or failure, printer or USB malfunction or failure. Students are advised to back up their work continuously throughout the completion of the assessment task and print off draft copies which could be submitted if all else fails. Backing up work includes emailing work oneself (e.g. use DEC portal email), saving the work to a USB and backing up the work on the computer's hard drive as it is progressively completed.

Extension of Time for an Assessment Task

Through using the Illness/ Misadventure application process, the Deputy Principal (acting on Head Teacher recommendation) may grant an extension of time. Extensions must be sought **before** the due date – not the day of or after a task is due for completion/submission.

Absences due to VET Courses, Work Placement and Other School Sanctioned Commitments

In the event of an assessment task clashing with work placement or any other approved school activity (compulsory course excursions, TAFE transit, SRC commitments, school suspensions, representative sports, etc), students must complete the Illness/Misadventure application process. It is the student's responsibility to notify teachers of this commitment well in advance through the Illness/Misadventure process. A student may apply for an extension before the event occurs or may choose to submit the task earlier prior to the engagement. Otherwise, they are expected to submit/complete the task on the next day they are at school (regardless of whether a scheduled lesson exists) or at a time negotiated by the Class/Head Teacher.

Illness/Misadventure Application Process

If you cannot meet the due date and time for the submission/completion of a task, students must follow the Illness/Misadventure application process by doing the following:

1. Collect an Illness/Misadventure application form from the front office on the morning you return to school. Any student in these circumstances receives a zero mark until proven otherwise. You have 48 hours after you return to school to lodge an illness/misadventure application form. An N determination warning letter will be sent if this condition is not met (zero for the task).
2. Notify your teacher that you are back at school and are submitting Illness/Misadventure application. Be prepared to submit the task, or do the task (or a substitute task) on the day you return unless you are also requesting an extension or estimate through the Illness/Misadventure process.
3. Complete the Illness/Misadventure application form, outlining your reasons and adding all documentation or evidence from a health professional or another relevant person e.g. counsellor, funeral Order of Service or police event number. In the case of illness, health professionals should issue a medical certificate that describes the student's symptoms and describe how these symptoms could prevent the student's attendance at school or student's ability to complete the task. A parent signature or evidence of parent interaction must be on each form before it is processed.
4. Give the completed Illness/ Misadventure application form to the relevant Head Teacher. Discuss with the Head Teacher when you will do the task missed or a substitute task i.e. on the day of return or at a time arranged by the Head Teacher.
5. The Head Teacher makes a written recommendation and the student transfers the completed Illness/ Misadventure application along with medical certificates or other documentation to the relevant Deputy Principal.
6. The relevant Deputy Principal liaises with the Head Teacher to make a decision and records this on the documentation and uploads to the school's electronic record system (Sentral).
7. Head Teachers will be notified of the decision by Deputy Principals. Students will be notified of the result of their application by the Head Teacher/Classroom Teacher.

8. In the case of an unsuccessful Illness/Misadventure application, the Classroom Teacher will notify the parents through an N Determination warning letter of the zero mark. If the Illness/Misadventure application is successful, the completed assessment task will be marked as usual and the mark will stand.
9. An appeal on the Deputy Principal's decision can only be made to the Principal. This will be done by completing the Illness/Misadventure Appeal Form within two weeks of notification that the Illness/Misadventure application has been declined. The Appeal Committee consists of the Principal (or nominee) and two Head Teachers other than the Head Teacher dealing with the original illness/misadventure request. The panel convenor, Principal or Principal's nominee, will co-ordinate the hearing process to examine if the assessment policy has been followed by the teachers and student concerned. The student will be notified verbally of the outcome and a written response on the outcome of the appeal will be provided to the student and a copy sent to the family of the student who appealed.

Invalid or Problematic Assessment Tasks

Where an assessment task does not function as required or where there is a problem with its administration, a completed task may have its weighting reduced, a replacement task may be added, or in extreme cases a task may be totally discarded and/or a replacement task arranged.

Staff intrusion into examination moratoriums, however unintentional, may result in the rescheduling of that task. Two weeks' notice in writing must be given. Examination moratoriums are designed to allow students to prepare for examinations to the best of their ability. Students should report situations moratoriums are impinged upon.

Conduct during Assessment Tasks including Examinations

Students must follow the instructions of their teachers at all times during the conduct of an assessment task/examination. NESAs guidelines state that students can bring the following items to examinations: black pens, pencils, a ruler, highlighters, a clear bottle of water with no label and a non-programmable watch. Students must not have with them any notes (on paper, in their equipment/ belongings or on their person) without the specific approval of the teacher conducting the task. Notes and examination papers must not be taken from an assessment task room without the approval of the teacher in charge.

Students must not behave in any way that is likely to disturb the work of any other student or upset the conduct of the task. A student will receive ONE warning. If they persist, on the SECOND warning they will receive a zero mark as a consequence of their actions - as determined by the Head Teacher in consultation with their staff. The student can then appeal if need be. No tasks, student papers or work efforts are to be ripped up or destroyed, given that an appeal may occur.

All work submitted as part or all of an assessment task must be the work of that student. Students have a responsibility to maintain the security of any assessment tasks completed outside class. They must not permit other students to have access to these tasks. This is especially true of students absent for an in-class assessment task who may be unfairly advantaged through your discussion of a task with them. Copying the work of another student and/or permitting work to be copied are further dishonest practices and will be dealt with as outlined below.

Malpractice: Cheating or Dishonest Practices (Offender or Facilitator)

Proven cases of undertaking or assisting in cheating or dishonest practices will receive a zero mark and parents will be notified. Examples of such practice include: copying another's work; using material from a source without reference to the source; plagiarism, particularly from websites; buying work; passing off the work of another including parents, tutors, friends, ex-students and relations as your own; submitting the same work for two courses; breaching school examination rules; using non-approved aides. If you facilitate or 'help' others (e.g. providing your work to be 'looked at' or copied), you are providing an unfair advantage to this student over other students. This is not permitted; it is malpractice.

Non-Serious and Non-Genuine Attempts

If your assessment task effort is deemed by the classroom teacher and Head Teacher to be non-serious you will receive a **zero mark** and parents will be notified. Non-serious attempts may include instances where there is no response to a question(s), extremely short or nonsensical responses, responses of irrelevance or those containing inappropriate comments, or the work does NOT reflect the known ability of the student. Please note that if a section of an examination is omitted, it will contribute its percentage value to the non-completion of 50% of assessment tasks requirement as laid down by the NESAs. In the event that the whole task is deemed a non-serious or non-genuine attempt, the full weighting of the task will contribute to the NESAs requirement. An N determination warning letter is sent home indicating that the task was non-serious/non-genuine and that the task needs to be redone. The original mark stands.

Reporting – Marks and Ranks

Cumulative ranks are based on progress in relation to the published syllabus course assessment components. Students will be notified of their cumulative/ final ranking in each course on reports issued by the school. Final assessment marks WILL NOT be disclosed to students as per NESAs policy.

Final ranks can be disclosed and appear in the final HSC reports. Students can see their final rank in each course by using the *Students Online* service on the NESAs website.

Appeals/Clarification of Assessment Marks

Students who have any concerns about the marking of an assessment task must follow this up with their Classroom Teacher or the Head Teacher at the time of the return of the task. Assessment task clarification will concentrate on the faculty's procedures for determining the assessment mark. A teacher's professional judgement cannot be questioned in relation to the achievement of the criteria. Processes only may be challenged i.e. failure to follow school Assessment Policy or NESAs assessment policy.

Appeals of Final Assessment Rank

Students who consider their final ranking is not correct can appeal using the form in this booklet to the Head Teacher for a review of their ranking. All marks and their computations (in line with syllabus and published subject specifications) are checked. Marks cannot be appealed – the process and procedures can. If there is any other concern about the administration and procedures a student lodges an Illness/ Misadventure application form following the normal procedures and time limits so that the school Appeals Panel of the relevant Deputy Principal, Year Adviser and Head Teacher can preside over the concern, consider it and inform the Principal of the decision. Once this occurs, the result of the concern will be communicated to the student and/or parent concerned.

If they are not satisfied by the school's review of their placement in the final rank order for a course, the process of appealing to NESAs will be outlined at this point via the ACE Manual. The student is informed of this process by the Principal.

Procedures for Students in danger of not meeting NESA Course Requirements – N Awards

Students who have not complied with the course completion requirements listed on page 7 cannot be regarded as having satisfactorily completed the course. In such cases, will receive a N determination warning letter and an opportunity to redeem their work in order to avoid an “N determination”. The main reasons for issuing such a letter include:

- failing to complete or attempt assessment tasks or assignment work by the due date and /or appropriately.
- failing to regularly complete class work and homework appropriately. This includes practical work.
- making a non-serious effort to complete assessment tasks, assignment work major examinations and tests.
- making a non-serious effort to complete class work and homework.

NESA N determination warning letters specify exactly the tasks the student needs to complete to satisfy course requirements. These tasks must be attended to before the conclusion of their course and before the Board of Studies cut-off date. All students are to be given a chance to redeem themselves.

N Determinations

If a student has received at least 2 or more warning letters in any course and work remains outstanding the student may be given an ‘N Determination’ in that subject. If the student has received a zero for 50% or more of their assessment in any course they will be given an ‘N Determination’ in that subject. This means a non-award for a subject, resulting in the course not being included on their Record of Achievement. If the loss of the course takes the student below the number of units required, i.e. 12 units for Year 11 and 10 units for HSC or if the course is English, then the student may not qualify to receive their Higher School Certificate. A meeting would be held with the Principal in such cases and options discussed.

The following consequences apply to students who for whatever reason, do not qualify for a Higher School Certificate. They may be:

- Required to repeat the course in the following year or repeat all courses/ the whole year.
- Deemed ineligible for a particular course or courses to be included on their Higher School Certificate as a result of an N Determination.
- Expelled in accordance with the Department of Education and Communities’ policy on *Suspension and Expulsion of School Students Procedures* for unsatisfactory participation in learning.

Students transferring into or from this school – HSC and Year 11 Courses

The only students who will be enrolled into the Year 11 or HSC years at Winmalee High School will be those who can fit the exact pattern of study undertaken at their former school. The school, in consultation with the student, will make decisions about how the student will be assessed. For VET courses, previous schools will be asked to provide the competencies achieved.

Late enrolment into the Year 11 Course, may mean that where possible a student’s yearly examinations are adjusted to suit the topics or texts completed at the previous school. If this is not possible, students complete (in their yearly examination) what they have studied since their arrival but are given an exam mark equivalent to the sections of the yearly examination completed. In these circumstances, they are not provided with an examination rank or any final rank. A rank on any individual task completed since their enrolment would be the only rank they receive.

Transferring between Courses

Transfer of students can occur at the commencement of courses as students reconsider choices or 'drop' subjects. This window period is limited as it is untenable to catch up work in an alternative subject. There are some unusual circumstances requiring attention e.g. A student who 'dropped' a course at the start of the HSC or Year 11 Course but is wishing to resume study of it again after reconsidering their decision. The Principal will authorise any such instance in consultation with the relevant Deputy Principal, the student, the parents and the Head Teacher. To enter the HSC course, students must have satisfactorily completed the Year 11 Course for that subject or a clear and exceptional arrangement made for concurrent study.

Periods of Leave such as Overseas or Interstate Travel

Extended leave is not recommended for students completing the Year 11 ROSA or HSC course. It impacts on their ability to satisfy course completion requirements i.e. applying themselves with diligence and sustained effort to the set tasks provided in the course.

If a student is intending to apply for extended leave, they need to Report to the supervising Deputy Principal to find out the procedure.

General and Specific Feedback to students for Assessment Tasks

Feedback enables students to recognise their strengths as well as areas for development, and to identify and plan with their teacher the next steps in their learning. Students should be provided with opportunities to improve their knowledge, understanding and skills through feedback. NESA

There is no limit to feedback for everyday classwork; this applies to Years 7-12.

What feedback is ok to give to an individual student, without needing to provide this feedback to all other students in the course?

For Assessment Tasks, all students have an opportunity to seek individual feedback on a draft, prior to the submission of the task; however, the following guidelines apply:

- All students have an opportunity to receive individual feedback on a task, provided it is given to the teacher by the specified due date for feedback. This date should be identified on the assessment task notification when issues to students.
- To ensure equity, all students should have equal access to feedback, which requires all students to have the same amount of opportunities to receive individual feedback. This should be negotiated with the students in the course and made clear to all students.
- The feedback can be specific about what areas require attention (for example, 'analysis requires more depth, incorporate more key terms, refer to specific examples/quotes/sources, attention to grammar or spelling, look at best use of examples etc).

What type of feedback should be shared with the whole class?

- Any type of scaffold, instructions, further information or resources issued to one student, should be issued to all students in the course. This should be consistent across courses. Any information which could give a student an unfair advantage should be shared with all students in the course.
- Any misconceptions, misunderstandings or clarification should be shared with all students in the course.

Timeframes for individual feedback for assessment tasks:

- If a date is specified on the assessment task, students need to submit their draft within the timeframe specified.
- If feedback is to be issued, the teacher should provide this no later than a minimum of 48 hours before the task is due, to allow students to make use of the feedback.
- Students are responsible for following up on the collection of feedback from teachers.

SUMMARY - STUDENT RESPONSIBILITIES

1. Assessment tasks must be completed on or by the due date

Failure to complete a task as required will not be accepted and a **zero mark** will be awarded unless special conditions apply (see Illness and Misadventure). The following are requirements:

- Students must be at school for the whole school day to undertake an assessment task during the designated lesson on that day and participate in all other lessons on that day.
- Tasks may be submitted to their teacher the day before the due date of a hand in assessment task otherwise the Illness and Misadventure application procedures will apply.
- Tasks submitted on the due date by a student who is not recorded as presented at school are subject to Illness and Misadventure procedures.

2. All work must be that of the students

In the case of malpractice (e.g. copying the work of others; providing access for others to copy your work or evidence of direct collaboration on the final task/product), the student/s may suffer a penalty or be awarded a zero. This decision will be made by the Deputy Principal after consultation with the relevant Head Teacher and class teacher.

3. All work, not only Assessment Tasks, is to be completed

Students should be aware that the Principal must certify that all courses of study have been satisfactorily studied in both Year 11 and HSC Courses i.e. assignments, homework, course summaries, practical work, essays, topic tests, research etc. **Failure to complete set work** may place the students' Higher School Certificate in jeopardy as 10 units of study must be satisfied to be eligible for the Higher School Certificate.

4. A genuine attempt at all tasks must be made

Failure to make a **genuine** attempt at Assessment Tasks totalling **in excess of 50%** of the available marks will result in the course not appearing on the student's Record of Student Achievement as they are deemed ineligible in that course. It may place the award of the Higher School Certificate in jeopardy. Completion of tasks adding up to a total of exactly 50% is not sufficient to be eligible in a course.

Non-serious or non-genuine attempts at a task will result in a NESAs warning letter being issued and the student will be required to redo the task to a standard reflective of their ability.

Note: The original mark awarded for the task will stand e.g. 3/15. When re-doing an assessment task, a 'zero' mark will be awarded (i.e. the mark becomes 0/15) if the student does not complete the task to a standard reflective of their ability.

You are at risk if:

- you have received at least 2 or more warning letters in any subject and work remains outstanding - may be given an 'N Determination' in that subject.
- you have received a zero for 50% or more of your assessment in any subject and will be given an 'N Determination' in that subject.

In the case of competency based courses, the Principal will determine whether the attempts made by the student to complete the course are genuine. Students who do not meet course completion requirements may jeopardise the award of a Higher School Certificate.

5. Regular school attendance is expected

Students are required to maintain a satisfactory record of both attendance and application up to and including the final date set down by the Department of Education and Communities. This reflects that they are applying themselves with diligence and sustained effort to the set tasks and experiences provided in the course. Students are expected to be at school at least 95% of time in the year unless ill. This means that they are present 190 days in the 200 days of a school year.

6. Work must be submitted in an appropriate form and according to an acceptable standard

Students are advised to provide a signature to the teacher on the Assessment Task Receipt Sheet provided by the teacher. If no sheet is provided the student is encouraged to seek the signature of the teacher in their diary to record receipt of the task. This is designed to protect the rights of the student.

WINMALEE HIGH SCHOOL
Application for Illness, Accident, Misadventure Form
Year 11 and HSC Assessment Tasks/Examinations

This form is to be completed and given to the subject Head Teacher within **48 hours** of your return to school if you apply:

- (i) For an **extension of time** on an assessment task, prior to due date **OR**
- (ii) For **special consideration** because a task **has not** been submitted / **has not** been completed on the due date.
- (iii) Non-attendance to examinations

STUDENT NAME: _____ YEAR: _____

CLASS TEACHER: _____ SUBJECT: _____

ASSESSMENT/EXAMINATION TASK TITLE: _____

DATE DUE: _____ DATE SUBMITTED: _____

DATE SCHOOL ADVISED OF MISADVENTURE: _____ by (name) _____

ACTION REQUESTED: Extension of Time Special Consideration Opportunity to sit task at new date
(Attach all supporting documentation such as medical certificates, include evidence of work in progress if applying for an extension of time)

STUDENT REASON FOR APPLICATION *(Completed by student, signed by parent before completion by Head Teacher)*

STUDENT SIGNATURE: _____ PARENT SIGNATURE: _____

RECOMMENDATION BY HEAD TEACHER *(all original documentation attached):*

- Application successful – mark to stand or student given opportunity to complete alternate task at a negotiated time/ date.
- Application successful - Extension granted until ____/____/____
If task not submitted on this day a zero mark will apply.
- Application successful - Estimated mark to be given. Note: This mark will not be finalised until the end of the course based upon performance across the course
- Application unsuccessful – no extension granted
- Zero mark awarded – reasons not substantiated/Assessment Policy not followed. *Task must still be submitted.*

Head Teacher: _____ DATE: _____

Class Teacher: _____ DATE: _____

APPROVED:
 Deputy Principal _____ DATE: _____

Office: Entered Sentral Incident # _____ Date entered _____ Copy to HT Copy to Teacher

WINMALEE HIGH SCHOOL

Application for Appeal related to an Illness, Accident, Misadventure Application

YEAR 11 & 12 Assessment Tasks

STUDENT NAME: _____ YEAR: _____

COURSE: _____

ASSESSMENT TASK TITLE _____

CLASS TEACHER: _____

STUDENT REASON FOR APPEAL

STUDENT SIGNATURE: _____

This form needs to be submitted to the supervising Deputy Principal/ Principal.

DECISION AND ACTIONS BY APPEAL COMMITTEE (all original documentation to file):

- Appeal upheld – mark to be reinstated. Student provided with an opportunity to redeem task at a negotiated time and date.
- Appeal declined – Zero mark to stand. Assessment policy not followed.
- Zero mark awarded – reasons not substantiated/Assessment Policy not followed.
Task must still be submitted.
- Appeal documentation placed in student file. (*Front Office*)
- Letter sent to student and parent/carer stating basis for appeal committee decision.

SIGNATURE (Appeal Committee member): _____ DATE: _____

**Application for Review of HSC Assessment Ranking
(One form per course)**

NOTE: This application must be submitted to the Principal as soon as possible after receiving your Rank Order Sheet.

CANDIDATE'S NAME.....

COURSE RANK ORDER

DECLARATION

I apply for a review of my school assessment ranking in the above course. I understand that the review will only establish whether:

- the weighting specified by the school in its assessment schedule conforms with the Board's requirements as detailed in the Examination Specifications, and/or
- the procedures used by the school for determining the final assessment mark conform with its stated assessment schedule, and/or
- there are computational or other clerical errors in the determination of the assessment mark.

		Term 1, 2023 Week 3	Term 3, 2023 Week 1	Term 3, 2023 Week 3/4
Communicating scientifically	30	15	10	5
Gathering, recording, analysing and evaluating data	30	10	10	10
Application of scientific research skills	40	5	20	15
Outcomes assessed		SE-2, SE-3, SE-5, SE-7	SE-1 - SE-7	SE-1 to SE-7
Total %	100	30	40	30

**COURSE: BUSINESS STUDIES
HSC ASSESSMENT SCHEDULE 2022-2023**

Task number	Task 1	Task 2	Task 3	Task 4	
Nature of task	Business Report Operations	Case Study based Extended Response Marketing	Stimulus Finance	Trial HSC Examination	
Timing	Term 4, Week 10	Term 1, Week 9	Term 2, Week 8	Term 3, Week 3/4	
Outcomes assessed	H1, H2, H5, H7	H3, H5, H6, H7, H8, H9	H4, H6, H7, H8, H9, H10	H2, H3, H4, H5, H6, H9, H10	
Components	Weighting %				
Knowledge and understanding of course content	5	10	10	15	40
Stimulus-based skills		5	10	5	20
Inquiry and research	10	10			20
Communication of business information, ideas and issues in appropriate forms	5		5	10	20
Total %	20	25	25	30	100

**COURSE: LEGAL STUDIES
HSC ASSESSMENT SCHEDULE 2022-2023**

Task number	Task 1	Task 2	Task 3	Task 4	
Nature of task	Case study Crime	Oral Presentation Human Rights	Class Essay Option 1	Trial HSC Examination	
Timing	Term 4, Week 9	Term 1, Week 8	Term 2, Week 9	Term 3, Week 3/4	
Outcomes assessed	H1, H3, H4, H6	H2, H5, H6, H7, H8	H6, H8, H9, H10	H2, H3, H6, H9, H10	
Components	Weighting %				
Knowledge and understanding of course content	10	10	10	10	40
Analysis and evaluation	10			10	20
Inquiry and research		10	10		20
Communication of legal information, ideas and issues in appropriate forms		5	5	10	20
Total %	20	25	25	30	100

**COURSE: MODERN HISTORY
HSC ASSESSMENT SCHEDULE 2022–2023**

Task number	Task 1	Task 2	Task 3	Task 4	
Nature of task	Source Analysis Power and Authority in the Modern World 1919–1946	Historical analysis National Studies	Essay Task Peace and Conflict	Trial HSC Examination	
Timing	Term 4, Week 9	Term 1, Week 10	Term 2, Week 6	Term 3, Week 3/4	
Outcomes assessed	MH12-3, MH12-4, MH12-6, MH12-7, MH12-9	MH12-2, MH12-3, MH12-4, MH12-5, MH12-8, MH12-9	MH12-1, MH12-2, MH12-5, MH12-7, MH12-8	MH12-1, MH12-3, MH12-4, MH12-5, MH12-7, MH12-9	
Components	Weighting %				
Knowledge and understanding of course content	10	10	5	15	40
Historical skills in the analysis and evaluation of sources and interpretations	5	5		10	20
Historical inquiry and research		10	10		20
Communication of historical understanding in appropriate forms	5	5	5	5	20
Total %	20	30	20	30	100

**COURSE: ANCIENT HISTORY
HSC ASSESSMENT SCHEDULE 2022-2023**

Task number	Task 1	Task 2	Task 3	Task 4	
Nature of task	Essay Cities of Vesuvius: Pompeii and Herculaneum	Historical Investigation Historical Periods	Written Task Personalities in their Times	Trial HSC Examination	
Timing	Term 4, Week 8	Term 1, Week 9	Term 2, Week 6	Term 3, Week 3/4	
Outcomes assessed	AH12-1, AH12-6, AH12-8, AH12-9, AH12-10	AH12-1, AH12-2, AH12-5, AH12-6, AH12-8	AH12-3, AH12-4, AH12-5, AH12-7	AH12-2, AH12-3, AH12-4, AH12-6, AH12-7, AH12-9, AH12-10	
Components	Weighting %				
Knowledge and understanding of course content	5	10	5	20	40
Historical skills in the analysis and evaluation of sources and interpretations	5		5	10	20
Historical inquiry and research	5	5	10		20
Communication of historical understanding in appropriate forms	5	10	5		20
Total %	20	25	25	30	100

**COURSE: HISTORY EXTENSION
HSC ASSESSMENT SCHEDULE 2022-2023**

Task number	Task 1	Task 2	Task 3	
Nature of task	Historical Process (Proposal, process log, annotated sources) History Project	Essay History Project	Trial HSC Examination	
Timing	Term 1, Week 5	Term 2, Week 8	Term 3, Weeks 3/4	
Outcomes assessed	HE12-1, HE12-3, HE12-4	HE12-1, HE12-2, HE12-3, HE12-4	HE12-1, HE12-3, HE12-4	
Components	Weighting %			
Knowledge and understanding about significant historiographical ideas and processes	15	10	15	40
Skills in designing, undertaking and communicating historical inquiry and analysis	15	30	15	60
Total %	30	40	30	100

**COURSE: SOCIETY AND CULTURE
HSC ASSESSMENT SCHEDULE 2022-2023**

Task number	Task 1	Task 2	Task 3	Task 4	
Nature of task	Research Task Social and Cultural Continuity and Change	Essay Belief Systems	Annotated Bibliography Personal Interest Project - Process	Trial HSC Examination Written Paper	
Timing	Term 4, 2022 Week 8	Term 1, Week 7	Term 2, Week 8	Term 3, Week 3/4	
Outcomes assessed	H2, H3, H5, H7, H8 H9,	H1, H2, H5, H9, H10	H4, H6, H7, H8, H10	H1, H2, H3, H4, H5, H6	
Components	Weighting %				
Knowledge and understanding of course content	15	15		20	50
Application and evaluation of social and cultural research methods	10		10	10	30
Communication of information, ideas and issues in appropriate forms	5	15			20
Total %	30	30	10	30	100
